DELHI WORLD FOUNDATION

The **DELHI WORLD FOUNDATION**, pioneered by a group of graduates from the DPS Schools who have since made a mark in the world, seek to take education to a higher level; an overall holistic, comprehensive and focused initiative to produce all- rounded human beings. What we emphasize is the road we are taking to get there — perhaps the road less travelled; but a road which we hope is filled with adventure, with curiosity, with wonder.

This is a challenge that we at the Delhi World Foundation have taken up in earnest. The wealth of knowledge and experience of our Life Trustees, Term Trustees, Advisory Council and Members of the Education & Resource Council is being harnessed to open our student's eyes to all the wonderful things that the world has to offer. To appreciate art as well as to create it, to establish their own individual identity through creativity. To not only carve a Printing Block or make Handmade Paper out of rags and waste but also to carry in further by printing on the paper and then on to adding value by making greeting cards stationery, decorative boxes, etc.
